Daughter of Narcissus is a stunning analysis by Lady Colin Campbell of her own dysfunctional family positioned at the heart of upper class Jamaican society from the middle of the 20th century to the present day.

Departing from her former studies of contemporary high society, Lady Colin turns her intelligence, insight and energy on to her own past to reveal the emotional truth beneath the family façade of class and privilege. Covering the end of the British Colonial Age and the rise of a new liberated generation whilst also addressing the narcissistic personality disorder of her manipulative mother, the author interconnects the sociological, political and personal as she dissects the intense and often violent family dynamics that lay below the appearance of wealth and power.

Set against a backdrop of glamour, wealth and fame, often exposing the shocking behaviour of the disordered personality, **Daughter of Narcissus** is disarmingly honest and revelatory. This compulsive book is not only a fascinating history of one socially prominent international family, but also a uniquely detailed analysis of narcissism, its manifestations and effects and how to survive them in order to lead purposeful and affirming lives.

'A tremendous accomplishment and a great self help book. It will enhance the reader's life as much as it elevates the author's reputation, and will achieve the distinction of being a popular bestseller that also becomes a medical reference work. Unsurpassable.' Dr Anna Brocklebank, MD

- Strong interest in Mail on Sunday serialization
- Interview with Times Weekend Body&Soul, Guardian G2 and Daily Mail Health feature
- Wide Radio and TV coverage including Women's Hour, GMTV, LBC and London Live.

LADY COLIN CAMPBELL is a highly successful author of several books and international bestsellers. She is a prominent and often controversial figure in royal and social circles and is perhaps best known for her international bestselling book **Diana in Private**, 1992, and her further biography of the Princess of Wales, **The Real Diana** published in 2004. Born in St Andrew, Jamaica, she was educated there and in New York, where she lived for seven years. She is connected to British royalty through common ancestors and marriage. She has two sons and lives in London.
