

ABOUT THE BOOK:

A **HILARIOUS**, light-hearted look at life behind the scenes of the Royal Palaces, **The Palace Diaries** is the memoir of a girl from rural England who finds herself working not only behind the palace gates but for His Royal Highness, The Prince of Wales. From the most mundane activities of a Lady Clerk at St. James Palace to the evenings spent socializing with the heir to the throne, Sarah Goodall chronicles it all, providing her reader with a real window into the world she inhabited for twelve years.

THINK *Bridget Jones* and *Sex in the City*, and throw in Royal intrigue set amongst the backdrop of Royal Palaces and the upper levels of British Society, and you have **The Palace Diaries**.

UNFLINCHINGLY honest, always good humored, and clearly in love with her flesh and blood Prince, Goodall shares with her readers experiences of which most commoners can only dream.

ABOUT THE BOOK:

A **GIRL** from Shropshire who got to work with and fell in love with the Prince of Wales, Sarah Goodall served as secretary to his Highness for twelve years. Appointed a Member of the Royal Victorian Order before leaving her post, Sarah worked behind the palace gates during an amazing period in the history of the royal family.

FROM THE AUTHOR:

"...I cannot imagine that the neurotic blatherings of a Bridget Jones at the Palace will be of any interest to solemn historians. But I hope it has given you, my patient reader, an insight into life amongst the Royals during this most extraordinary period of their history... sharing the unalloyed pleasure it gave an astonished girl from rural Shropshire."

- Sarah Goodall
 Author, **The Palace Diaries**

SUGESSTED INTERVIEW & ARTICLE TOPICS FOR SARAH GOODALL:

- ◆ How the British actually feel about the Monarchy?
- ◆ Back story on Charles and Camilla — thing we don't know.
- ◆ The real Prince Charles—and why she had such a crush on him.
- ◆ Will Charles ever be King or will it be passed directly to William?
- ◆ How William and Harry really feel about Camilla and how she feels about them?
- ◆ The relevance of the Monarchy in today's society.
- ◆ Have the British really accepted Camilla?
- ◆ Insight on **The Palace Diaries**.
- ◆ How the British feel about the upcoming U.S. presidential election?

"A really, really good read."

— Sharon Osborne

SARAH GOODALL will be speaking throughout the country.
