WITH LOVE FROM PET HEAVEN

BY TUM TUM THE SPRINGER SPANIEL

Gigi Michaels

Called the centre of the universe by her doting Mother, Tum-Tum was a Springer spaniel who had a unique gift: She could converse with people. Beautiful, bold, wilful and greedy, she had a distinctive voice with which she held ardent conversations with her Ma and Ma's many friends and relations, as well as with her two (human) younger brothers and the three generations of descendants which she produced while on earth.

A figure of charm and fun, she was a repository of sound common sense, wit and wisdom, with the fervent conviction that canine knowledge was often more sensible and life-enhancing than its human counterpart.

Having spent the last nine years in Pet Heaven after 110 canine years on earth, she felt compelled to share her unique experience of both places with all dog lovers, in the certain knowledge that they too will want to share her insights into how the loving perspective of a sensible canine can enhance their earthly and heavenly existences.

This book is imbued with the charm that was unique to Tum Tum, and is guaranteed to appeal to dog lovers of all persuasions.

Gigi Michaels is the non-de-plume of an established author of international repute who lives in London with her two children.
